

Advanced Driver Fast Track Course

The quickest way for your drivers to develop skills and become a qualified Advanced Driver.

Designed for busy business motorists, our Advanced Driver Fast Track course includes everything required to prepare for and pass our renowned Advanced Driver qualification, in an intensive format.

The course includes two half-days of one-to-one tuition with an IAM RoadSmart trainer, plus the Advanced Driver test and a year's IAM RoadSmart membership.

This efficient one-to-one format requires the participant to commit to plenty of practice and personal development between the two training sessions, reflecting on and applying key learnings in their everyday driving for maximum benefit.

Advanced Drivers are those who can demonstrate enhanced observation and decision-making skills for safe, smooth and efficient progress on the road. As well as developing the skills for a lifetime of safer driving, passing our nationally recognised Advanced Driver qualification is a great addition to your CV.

- ✓ Convenient format perfect for business drivers: achieve Advanced Driver status with minimal demand on your time.
- ✓ Grow your confidence and passion for driving, refreshing and expanding your skillset, and boost your CV with a nationally recognised driving qualification.
- ✓ Receive full IAM RoadSmart membership, qualifying you for a range of benefits including competitive insurance quotes, product discounts, and subscription to our magazine.

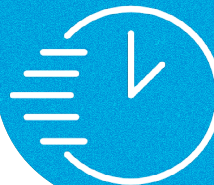

Delegates and their managers receive a driver development report and feedback after the course.

About IAM RoadSmart

We're proud to be the UK's leading independent road safety charity, with a thriving community of volunteers and professional instructors, all working towards our common goal: protecting people from harm by improving driving standards.

Every year, we work with thousands of motorists and company drivers, of any age and ability. With the expert guidance of a professional IAM RoadSmart Trainer, drivers will develop the skills, experience and understanding that will help them get the most out of their vehicle. At the end of the course, the driver is a highly skilled, qualified advanced motorist.

Fast track your journey to becoming an Advanced Driver.
